

Rotary Club of Greenville  
*“Patriotic Pride”*

**Who are Veterans in our Club?**

Greenville Rotary Club will soon be launching a new project with the objective to promote the continuation of and further the spirit of patriotism in our community that was demonstrated during the September 11<sup>th</sup> crisis.

*“Patriotic Pride”* for Greenville County is the goal and will be the name of the project.

As part of that project we want to identify all of the veterans in our club. This is information that is not currently captured on our application. We want to add that to our membership records and record it in our membership directory in the future.
